Mr. Voelker:

Thank you for your email. As you know, the statutory deadline for documents is past. Do you know when we can expect to receive documents?

Also, when we check the status online, the request has been marked "closed." We assume that must be an error?

Thank you,
Brigitte

Subject: ACLU FOIA case 19-0028

Good Morning Ms. Amiri,

Attached below is the acknowledgement letter sent to Mr. Lawrenz on 10/25/18 once we received his request. As for the status of this request we are still waiting on the records search. We have a backlog of cases that are requesting email records, over 150 cases, our IT conducts a search for records they are extremely complex and usually contain thousands of pages and have to come back sometimes for specific search terms or email addresses. This is a slow process, once we receive the records we have to convert these emails from pst files to readable files that we can review line by line.

Thank you

Glenn Voelker
